USE PRECAUTIONS: Although this product will not harm most carpet fabrics, it is recommended that the carpet be tested for color fastness prior to using. To test for color fastness, spray small area of carpet in a hidden or out of the way spot and let dry. If product discolors carpet, contact supplier before using. Do not use on white or light colored carpet. Do not oversaturate. Product could penetrate to backing and leave spotting. Blot up cleaner thoroughly after application leaving carpet dry.
