GLASS CLEAN
INDUSTRIAL-STRENGTH GLASS CLEANER
ZENEX NUMBER 270345

DESCRIPTION

Formula 270345 Glass Clean is a powerful industrial/institutional strength glass cleaner.

RECOMMENDED USES

Contains ammonia to easily breakdown and clean away most dirt, grime, grease, films, scum smudges, smears and bugs. Wipes out quickly without streaks or rainbows. VOC compliant in all 50 states.

BENEFITS

Dissolves and removes grease, grime, oil, carbon, soot, smoke film, magic marker, ink, crayon, lipstick and more. On vertical surfaces, spray from the bottom up and wipe quickly to avoid streaking. Ideal for windows, windshields, mirrors, showcases or any glass surface. Ideal for use in colder temperatures.

DIRECTIONS FOR USE

Simply spray on full strength and wipe clean. It will not smear or streak and absolutely no rinsing is required.
